

Code Warriors 2020-10-23

Today is a simple exercise, can use php, html or javascript to create to old game Tic Tac Toe

© CanStockPhoto.com - csp52905565

Basic Implementation: <https://en.wikipedia.org/wiki/Tic-tac-toe>

- Be able to toggle between 2 players, player 1 is **X** and player 2 is **O**
- Layout as indicated above in the image
- Should be able to click in an area to select player input, should not be able to click on the other players selection
- Game stops when someone wins with 3 in a row or draw when all the boxes is full but no one wins
